eco-friendly

Machine Hall

Lab for Quality Control

High Pressure Formers (Made in Sweden)

Hi-tech Cutters

KTPL is Eastern India's largest, technologically advanced and most eco-friendly manufacturer of duplex board with a production capacity of 300 TPD. The use of 100% recycled-fiber as raw material ensures our full commitment to nature.

Our imported machine from UMV Sweden is highly equipped for efficient quality and strength. This ensures high quality duplex board with uniform coating, stiffness and basis weight to meet international standards.

Krishna essentially a 'Customer Centric Organisation' always puts its valued customers in the centre of all decisions. A lot of emphasis is laid on new product development, quality improvement and cost cutting methods, thus providing to its clients an 'Economical Quality Product With Brilliant Result'.

Our Vision

TO PROVIDE
100% ECO-FRIENDLY SOLUTIONS
FOR PACKAGING INDUSTRY.

Our Future Plans

- 350 TPD KRAFT LINER BOARD MACHINE
- 350 TPD WRITING AND PRINTING MACHINE
